

School term 1

By Youssef

The main idea in Term 1 is history because we do it every morning. We do it every morning because we are going to make a play in Term 2.

One of the best things we have done is History because it is really important. History is important because we have to know what happened in Australia in the past.

They gave us google accounts and we could email our classmates and we also do work on the google accounts about Indigenous people, Convicts and Law Enforcement. It is good because then our teacher can see the work on her laptop and it is easier because then she doesn't have to see it in our books.

In Law Enforcement we learned that all Australia's first Police Were Convicts so they had to pick the most well-behaved Convicts.

We had to write rationales about Law Enforcement with our group and we could type on the same google docs and I didn't know that we could do that before.

Me and Dante once wrote a script about Convicts and Law Enforcement and it was fun and here is a picture about it.

Convicts

(Scene 1 England)

Convict 1: Let's steal some food

Convict 2: Yeah I agree because I'm really hungry '

Scene 2

(view: pickpocketing rich guy)

(police arrive)

Police 1: All the convicts are going to jail

Police 2: Yeah one convict stole my watch

(Police See convicts pickpocketing)

Police 1: Oy what are you doing?

(Convicts run away from the Police)
